Be Dr. Effective

WhiteCoats Practice Plus

Get your OPD online
under your own brand name seamlessly

WhiteCoats Practice Plus

WhiteCoats Practice Plus simplifies the experiences of doctors and patients in terms of appointments, e-consultations, medical history, payments and more. By providing a virtual clinic setup, it acts as a force multiplier by allowing doctors to consult with more patients; and provides convenience to patients for anytime, anywhere consultations for non-emergency cases and follow-ups. In the COVID19 times, online consultations also help reduce the risk of infections for both patients and the healthcare workforce.

WhiteCoats Clinic Plus : For Doctors' Use

Pre-Consult

- > Schedule summary & quick actions
- > Appointment bookings & notifications
- > Reminders & delay intimations
- > Attendance & queueing (with priority & type)
